

HORNER C-SERIES: MDF DOORS

MDF doors from Horner Millwork combine traditional stile and rail construction with environmentally-friendly MDF to offer an alternative to all-wood or molded interior doors.

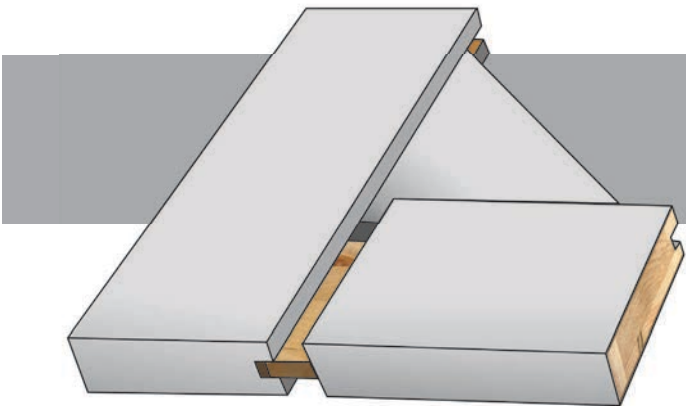

Our C-Series doors are stocked in both 1-3/8" and 1-3/4" and come in a primed finish. We are also offering our most popular styles made to order with a 2-3 week lead time.

Horner MDF doors are engineered and handcrafted in New England. By sourcing a local manufacturer, you not only reduce the carbon footprint of your job, you help employ local craftsman.

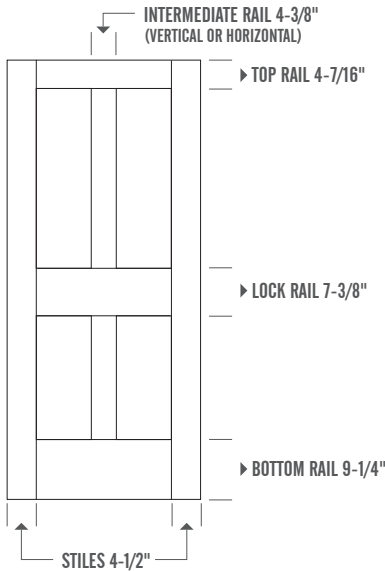

CONSTRUCTION

True mortise & tenon joinery
Solid wood core with MDF veneer
1/2" MDF flat panels

Both the stiles and rails have a solid wood core to provide greater strength and stability. The MDF veneers on the stiles and rails allow for a smooth and consistent paint finish. Panels are solid 1/2" MDF. Utilizing traditional mortise and tenon joinery, all pieces are hand fit together with industry's finest adhesives on all connections.

DIMENSIONS

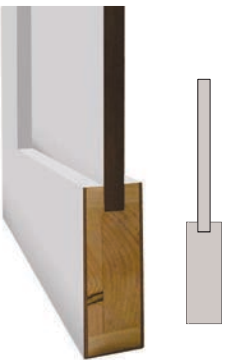

Standard stile and rail dimensions for Horner MDF doors (dimensions include sticking).

Note: 1/0 and 1/2 doors have 1-7/8" stiles

STICKING OPTIONS

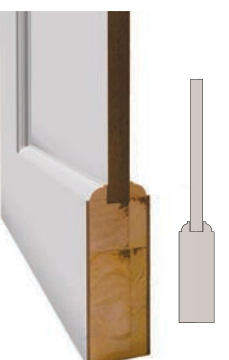

SQUARE STICKING WITH
1/2" FLAT PANEL

Square sticking is available on all stock doors.

Fire-rated panel thicknesses will vary based on fire rating.

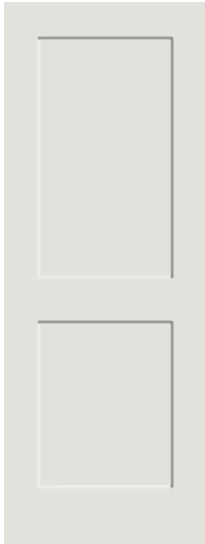

OVOLO STICKING WITH
1/2" FLAT PANEL*

Ovolo sticking is available in stock on C-22, or on any door made to order.

*5/8" flat panel used on 1-3/4" doors with ovolo sticking
