

PANOLOCK™

MULTI-POINT LOCK

THE NEW GENERATION OF MULTI-POINT LOCKS

PanoLock is a one-of-a-kind multi-point
lock system.

supports a forgiving installation,
works with
existing hardware.

Most multi-point locks operate separately, requiring extra steps to lock the door. PanoLock delivers a single operation system by integrating the handleset with the multi-point system using the innovative latch and deadbolt adapters. Simply match the correct adapter to your hardware.

Why PanoLock?

NO HARDWARE CONSTRAINTS.

PanoLock's adapters allow the use of most off-the-shelf hardware.

THREE TIMES STRONGER.

PanoLock offers all the strength and security of a traditional multi-point locking system.

ENHANCED PERFORMANCE.

Equipped with two tapered locks, PanoLock provides enhanced performance while reducing operation force.

ULTIMATE SECURITY.

PanoLock features roller strike plates equipped with extra anchor screws enhancing security.

FLEXIBILITY.

PanoLock can be used for both inswing and outswing.

Compatible brands include:
Schlage, Kwikset, Gatehouse, Baldwin, Brinks and Defiant.
No dedicated hardware required.

Adjustable Roller Plate

The lower operation force and rollers within the plates engage with the bolts to make locking and unlocking your door easy, even after years of use.

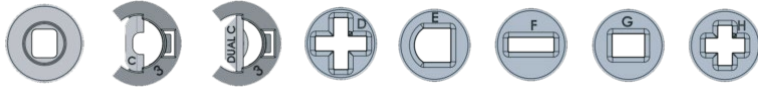

Tapered Bolt

Unlike other locks that catch easily, PanoLock's tapered bolts deliver a smooth operation even when the door is out of alignment.

How it works.

PanoLock works with standard hardware via innovative plug-n-play latch and deadbolt adapters that mate with multiple brands and styles.
