

INTRODUCING OUR OWN LINE OF
ROSETTES
NOW AVAILABLE IN-STOCK

www.hornermillwork.com | 800.543.5403 | *your partner in building*

These decorative corner blocks are used to dress up door and window trim. Rosettes eliminate the need for complicated miter cuts making trim installation faster and easier. Although rosettes were most commonly used with Victorian Bellyband, today they are also used with colonial or modern trim work. Manufactured to architecturally correct proportions.
